Note: The actual counts, the rates, the percent changes, and the clearance rates data for City of Winnipeg crime totals include calculations submitted to the Canadian Centre for Justice Statistics (CCJS). Due to CCJS updates, previously reported numbers are subject to change. Because the data printed in previous Winnipeg Police Service Annual Statistical Reports do not contain the updates, actual crime figures may vary slightly with CCJS historical data. Statistical data are accurate as at date of publication.

Unless otherwise specified, all data contained within this report were compiled and produced by the WPS Research & Development Unit.

Data for 2015 have been restated to include incidents not reported in previous publications. Data prior to 2015, including crime trends and five-year averages, are currently being restated. Those data will be published in future when available.
